Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Crossroads Family Care Telehealth Expansion project in Fiscal Year 2027. The entity to receive funding for this project is Crossroads Family Care, located at 106 W. Rusk Street, Mt. Enterprise, Texas 75681. The funding would be used to deploy a mobile telehealth and community access health unit, expand primary and behavioral telehealth services, and the purchase of digital patient access and enrollment equipment that will ensure patients are able to access care.

This project is a valuable use of taxpayer funds because it will expand access to healthcare services for rural and underserved communities across East Texas through investments in telehealth infrastructure, community health access technology, and deployment of a Mobile Telehealth and Community Health Access Unit.

This project has a federal nexus because the funding provided is for purposes authorized under the Public Health Services Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Nathaniel Moran
Member of Congress
