I am requesting funding for Carthage Critical Sewer Line Project in Fiscal Year 2027. The entity to receive funding for this project is located at 812 W Panola Street Carthage TX, 75633. The funding would be used for rehabilitation of and replacing aging sewer lines within its wastewater collection system that have exceeded their intended service life.

The project is an appropriate use of taxpayer funds because the project mitigates the risk of sanitary sewer overflows, environmental contamination, and public health concerns. This project supports federal goals related to environmental protection and resilient infrastructure, providing durable benefits for the community and taxpayers alike.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq. (Clean Water Projects).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.”

Sincerely,

Nathaniel Moran

Member of Congress
