Washington, DC 20515

I am requesting funding for Carthage Water Treatment Plant Project Fiscal Year 2027. The entity to receive funding for this project is located at 812 W Panola Street, Carthage, Texas, 75633. The funding would be used for upgrading vital water treatment components, improving system efficiency, and enhancing the water treatment plant's ability to meet current demand while planning for future growth.

The project is an appropriate use of taxpayer funds because critical sections of the water treatment facility have exceeded their useful life and require modernization to maintain reliable operations and compliance with state and federal drinking water regulations. These improvements are necessary to ensure the continued delivery of safe, high-quality drinking water and to reduce operational vulnerabilities within the City's water system.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12. (Drinking Water Projects).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Nathaniel Moran

Member of Congress
