Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Henderson Innovation Park Water and Wastewater Improvement project in Fiscal Year 2027. The entity to receive funding for this project is for the City of Henderson located at 300 W. Main Street Henderson, Texas 75652. The funding would be used to modernize and expand critical public infrastructure necessary to support economic growth, public health, and environmental protection in our community.

This is a valuable use of taxpayer funds because this will expand the city's ability to modernize aging water and wastewater systems that will allow the city to improve its water quality and increase economic development in the region.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Nathaniel Moran
Member of Congress
