Dear Chairman Cole and Ranking Member DeLauro:

I respectfully request your consideration for my Community Project Funding request to secure funds to assist in the construction of water transmission lines for Riverbend Water Resources District (RWRD) in Fiscal Year 2026. The entity to receive funding for this project is the U.S. Army Corps of Engineers Forth Worth District 819 N. Taylor Street Suite 3A28, Fort Worth, Texas, 76102. The funding would be used to fund the construction of new water transmission lines for the water district. The project is an appropriate use of taxpayer funds because the allocated funds would allow the district to eliminate potential health concerns associated with their aging water lines as well as provide the district with the water needed to support and grow their population.

The project has a federal nexus because the funding provided is for purposes described in Section 5138 of the Water Resources Development Act (P.L. 110-114; 12 STAT. 1250), as amended by Division H, Section 8376(b)(11) (P.L. 117-263).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Nathaniel Moran
Member of Congress
