Dear Chairman Cole and Ranking Member DeLauro:

I respectfully request your consideration for my Community Project Funding request to secure the replacement of a raw water transite line in Mount Vernon, Texas, in Fiscal Year 2025. The entity to receive funding for this project is the city of Mount Vernon, Texas, located at 109 N. Kaufman Street, Mount Vernon, Texas, 75457. The funding would be used to fund a portion of the construction for the replacement of an aging raw water transite line. The project is an appropriate use of taxpayer funds because the replacement of the concrete asbestos waterline pipe would eliminate potential health concerns for Mount Vernon's citizens as well as provide the city with the water needed to maintain and grow its population.

The project has a federal nexus because the funding provided is for purposes described in section Section 1452 of the Safe Drinking Water Act, (42 U.S.C. 300j-12.)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Nathaniel Moran
Member of Congress
