Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Shelby County Interoperable Communications Infrastructure Equipment in fiscal year 2025. The entity to receive funding for this project is Shelby County, Texas, located at 200 San Augustine Street, Box 6, Center, Texas 75935. The funding would be used for new transmitting equipment on existing towers in Shelby County to connect to the state emergency communications network. The project is an appropriate use of taxpayer funds because this project will fill existing gaps in communications for law enforcement and first responders that will enhance the effectiveness and reliability of public safety communications for the community and between local, state, and federal agencies.

The project has a Federal nexus because the funding provided is for purposes described in section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Nathaniel Moran
Member of Congress
